1.0 INTRODUCTION

1.1 MANDATE:

In my certification of the financial statements (accounts) generated by the local government, I subjected the reliability of the statements to the extent of my observations raised on the treasury records. What I am presenting to the public accounts committee, here under are those observations.

In this wise, each financial statement (hereby attached) is to be read in conjunction with these observations for easy comprehension.

In accordance with section 92 of the local government law 2012 of the Zamfara state and section 24 of the public finance (control and management) act 1958 as amended, the account submitted to the office of the Auditor General for local government by the Director of Finance have been certified correct as mandated by the law, but subjected to some observations made in this report.

1.2 SUBMISSION OF REPORTS:

The correct Annual Accounts of the local government for the year 2022 was submitted to this office on 6th October, 2023.

1.3 PREVIOUS AUDITOR'S GENERAL REPORTS:

The previous year i.e. 2021 financial year audit report was submitted to the Honorable House of Assembly on 28th October, 2022 by this office for their oversight function and further necessary action.

2.0 OTHER OBSERVATIONS

2.1 ANNUAL ESTIMATES:

The delay in distribution of the approved estimate has become a tradition, as in almost every year it was submitted between the months of March to June of the year

2.2 EXPENDITURE MANDATES:

In the course of the period under review, there was a fiscal working relationship between the state Government and the fourteen Local Governments. The legal framework for this arrangement was largely defined by the memorandum of understanding consented to by the Chairmen. Major projects executed fall under the existing framework.

A closer scrutiny of this scheme would reveal inadequate arrangement for timely expenditure returns to the Local Governments. Local Governments treasuries took unnecessary longer time before they brought these types of expenditures to book.

2.3 PERSONNEL EMOLUMENT REGISTER (P.E):

This important record was observed to be not in existence in the local government. A situation that had aggravated the current state of affairs with regard to management and control of personnel emoluments. The worrisome phenomenon of ghost workers could be traced to the neglect suffered by this control record. The financial memorandum being in operation in the local government made a remarkable provision for this but alas, it was conveniently abandoned to allow for an easy manipulation of salary.

2.4 UNBUDGETED REVENUE:

During the year under review it was observed that, the sum of **₦ 660,618,098** (six hundred and sixty million, six hundred and eighteen thousand, ninety-eight Naira) was received from Exchange gain difference, excess bank charges recovered, distribution of Non-oil excess account, share of ecological fund, share electronic money transfer by the local government, and transfer from other government agencies, but the revenue was not referred to the State house of Assembly for proper appropriation. It was expended without proper appropriation.

2.5 OTHER TRANSFERS:

During the year under review the sum **₦6,991,395** (six million, nine hundred and ninety one thousand, three hundred and ninety-five Naira) was reported by the local government as transfer from cash deposit Sanusi, Abubakar S/Fawa Dambo, Nasiru Bello cash Deposit, Ahmad cash Deposit and Shehu Sani cash Deposit. Observation arising from this transfer revealed that, what the transfer is meant for has not been stated, weather it is loan to the local government or repayment of loan.

2.6 ACCOUNTING RECORDS:

During the year under review, it was observed that, there was fearful maintenance of the books of accounts and other accounting records by the local government. The manner in which this aspect was handled by the local government is fairly commendable. Some of the observation made includes the following:

a. Entries in the cash books: It was observed that the cash books maintained for the period under review were fairly maintained, the cash books are free from cancellations and alterations. Only that the cash books were observed non-balancing and reconciliation with the bank was not done, at the end of every month.

b. Classification of revenues and expenditure in accordance with IPSAS codes: According to what I observed, internally generated revenues of the local government and the statutory allocations were captured in the cash books in accordance with IPSAS code classification. Equally, recurrent and capital expenditure of the local government was accorded the same, as that of revenue. It was observed that, there was no mixed up in the codification of revenue and expenditure. IPSAS codes are used for recording of income and expenditure in the cash book and other books of account, also the local government budget was prepared according to IPSAS approved format.

c. Outstanding Payment Vouchers: For the period under review, the sum of **₦160,632,816**(one hundred and sixty million six hundred and thirty-two thousand eight hundred and sixteen) was observed the value of the missing payment vouchers, representing salary figure of the local government.

d. Plant Register: The local government did not keep the register of its plants and machineries. The operation of this register in any organization is central to the proper control of this type of asset. It also makes the disposal of the asset to be made in a most prudent manner. Conversely, the non-operation of the register by the local government had negated the basis of accountability.

2.7 CERTIFICATION OF RETIRING BENEFITS:

It is a mandate for this office to receive, process and raised an authority for payment of retirement benefits. During the period under review files were received from this local government were 11 files were approved from the local Government which consist of 7 voluntary/compulsory retirement and 4 death staff with their total benefits standing at **₦12,929,564 (twelve million, nine hundred and ninety thousand, five hundred and sixty-four Naira).**

2.8 RECOVERIES MADE OUT OF PENSION AND GRATUITY:

In the course of processing the pension files, instances of wrong computation that invariably result into over payment of pension benefits, were detected. It has been a routine to this office for this type of over payment together with those of over stay in the service, to be deducted out of the individual pensioner's benefit. Therefore, this office was able to save the sum **₦1, 531,625 (one million five hundred and thirty-one thousand, six hundred and twenty-five Naira)** for the pension funds.

2.9 INVESTMENTS:

As at 31st December, 2022 the investment value stood at **₦109,647,661.00 (One hundred and nine million, six hundred and forty-seven thousand, six hundred and sixty-one naira1.** The investment holding is as shown below: -

4.0 GENERAL RECOMMENDATIONS

According to the observations set out on the report the following recommendations are here by suggested.

1. Lack of reconciliation in the cash books which was as a result of in adequate training and re-training of the treasury staff, it is here by recommended that proper training should be organized to the treasury staff of the Local Government for proper understanding of the treasury process.
2. Plant Register: this document is not in existence over a long period of time, it is here by recommended that the register should be brought back for proper records of Local Government Assets.
3. Budget Implementation Analysis: going by the analysis of budget implementation by this local Government it is hereby recommended that, the local government should put more effort in ensuring that its budget is implemented properly, especially on the aspect of revenue generation, proper machineries should be put in place to ensure that what is due to the local government is collected and duly remitted into the revenue account of the local government. On the expenditure aspect more efforts should be made in seeing that over expenditure is avoided as per as possible.
4. The missing payment vouchers should be trace and forwarded for examination or otherwise its would be regarded as un-vouch expenditure which would be recover from the officer controlling the vote

4.0 CONCLUSION:

This office is bedeviled with a series of problems which include inadequate cash allocation, lack of functional vehicles and failure of the local government executives to respond to my queries.

5.0 ACKNOWLEDGEMENT

I wish to express my sincere gratitude to all staff of this office who contributed immensely in order to make this report a reality. I equally acknowledge with gratitude the co-operation received from Public Accounts committee of state house of assembly for their co-operation and show of interest especially on 2021 report send to the committee by this office. I also acknowledge with gratitude the co-operation given to this office by the Chief Executive and Accounting Officers of the local government and the supervising ministry i.e. Ministry for Local Governments affairs.
